

FORAGE SEEDS COVER CROPS SEEDS TURFGRASS SEEDS

ABOUT US

The Argentine Cámara de Semilleristas de la Bolsa de Cereales is a non-profit civil association that brings together companies engaged into research, breeding, production, and commercialization of forage seeds, cover crops and turfgrass, in addition to related activities.

Founded in 1955, our members are majority representatives of Argentina's forage seed domestic market.

VISION & MISSION

Vision

To promote that forage seeds, as well as cover crops and turfgrass, meet the best conditions for prime quality and genetic development, thereby contributing to the sustainability of agricultural activity in Argentina and worldwide.

Mission

To represent the Argentine forage seed sector, as well as cover crops and turfgrass, at national and international level, thus helping to shape a transparent, professional, and profitable market.

www.bascargentina.com

First organized by the Cámara de Semilleristas de la Bolsa de Cereales in 2010, the Buenos Aires Seed Convention – BASC – is the international business networking meeting of the seed industry of forage species, cover crops and turfgrass, including related services, with the largest attendance in South America.

The objective of BASC is to provide a suitable environment for delegates to explore business opportunities, create synergies, exchange global market information, and extend their network of contacts.
